TUITION REIMBURSEMENT FUND

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools. If a school closes while you are in attendance prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations. To file a complaint, either write the New York State Education Department - Bureau of Proprietary School Supervision, 116 West 32nd Street, 5th Floor, New York, NY 10001, or telephone (212) 643-4760. The New York State Education Department's staff will assist you in the preparation of a tuition reimbursement form (a sample of which should have been provided to you upon enrollment).

DISCLOSURE OF CATALOG CHANGES

The student should be aware that some information in the catalog may change. It is recommended that students considering enrollment check with the school director to determine if there is any change from the information provided in this catalog. In addition, a catalog will contain information on the school's teaching personnel and courses/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all courses and curricula offered. Therefore, it is possible that courses/curricula listed in the school's catalog may not be approved at the time that a student enrolls in the school or the teaching personnel listed in the catalog may have changed. It is again recommended that the student check with the school director to determine if there are any changes in the courses/curricula offered or the teaching personnel listed in the catalog.

COLLEGE CREDIT- DISCLAIMER STATEMENT

Licensed private career schools offer curricula measured in clock hours, not credit hours. Certificates of completion, i.e., school diplomas, are issued to students who meet clock hour requirements. The granting of any college credit to students who participated in and/or completed a program at a licensed private career school is solely at the discretion of the institution of higher education that the student may opt to subsequently attend.

DISTANCE EDUCATION

The student may have the option to attend theory classes of no more than 50% of the program length via distance learning based on availability. Brittany Beauty Academy utilizes synchronous education methods for our remote classes. The student must have the minimum technology requirements to attend online classes and must abide by all distance learning policies.

ADDITIONAL INFORMATION FOR TITLE IV FINANCIAL AID RECIPIENTS

REINSTATEMENT OF TITLE IV AID

A. REENTRY WITHIN 180 DAYS

A student who re-enters the program or course, within 180 days of withdrawal will be treated as if he or she did not cease attendance for purposes of determining the students aid awards for that period.

B. REENTRY AFTER 180 DAYS

If a student reenters the same program more than 180 days after withdrawal, then the student starts a new payment period when he or she reenters or transfers. The institution treats the hours remaining in the program as if they are the student's entire program.

RETURN TO TITLE IV

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal. Title IV aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws at any point in time during the payment period. If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

OFFICIAL WITHDRAWALS:

If a student wishes to withdraw from school, they must notify the Director or Financial Aid Administrator. The notification may be in writing or orally. A student's withdrawal date is the date the school received notice from the student that they are withdrawing. The date the notification is received is the date of determination. The Director or Financial Aid Administrator must begin the withdrawal process.

UNOFFICIAL WITHDRAWALS:

For unofficial withdrawals, a student's withdrawal date is their last day of physical attendance. The school's determination that a student is no longer in school for unofficial withdrawals is determined after 14 days of non-attendance. The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, Direct Loans, Direct Plus loans, FSEOG during the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before the 60% point of time. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%. The percentage of the payment period completed is calculated by hours scheduled for in the payment period as of the withdrawal date divided by the scheduled hours in the payment period or period of enrollment.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was disbursed as of the withdrawal date.

If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. The funds must be released as soon as possible but no more than 45 days after the date of determination. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account.

If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 calculation was performed. The overpayment must be eliminated prior to offering a credit balance to a student. The following Title IV refund distribution is used for all FSA students due a refund:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Direct PLUS Loan (Parent)
4. Federal Pell Grant
5. FSEOG

Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination. The statute requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

POLICY AND STANDARDS OF ATTENDANCE AND CONDUCT

1. LEARNING TO BE AN APPEARANCE ENHANCEMENT PROFESSIONAL is much more than a matter of developing hand skills and passing written examinations. Attendance, self-control, responsibility, and human relationships are all involved in the training of an Appearance Enhancement professional. This we feel, is part of our responsibility to the student. Therefore, excessive absence, lateness, misconduct, and class cuts will be severely penalized. In order to implement this policy, the following standards have been set up:

2. TARDINESS - Leaving class is not permitted and will be translated into equivalent days of absence. A student is tardy if they enter school 10 minutes after the beginning of the scheduled session. From 10 minutes to 30 minutes the student is not permitted into class for 30 minutes. For more than 30 minutes of tardiness and up to 60 minutes, the student is not permitted into class for 60 minutes. After the first 60 minutes, the student is not permitted into class on a one hour and 30 minutes. If a student is late after the session is more than half completed, they will not be permitted in class for the entire session. Three lateness's will be permitted in any one calendar month. The student will be suspended one day: for each additional lateness, for that month.

3. UNSATISFACTORY ATTENDANCE - Any student who is failing to maintain Satisfactory Academic Progress, may be dismissed at Director's discretion. Satisfactory Academic Progress is checked periodically throughout the program. For specific information regarding our Satisfactory Academic Progress policy please see the school catalog.

4. PERMIT TO LEAVE - If a student must leave school during their scheduled session, it is essential that they inform their instructor and get their I.D. card.

5. MAKE-UP WORK - Make-up work will be scheduled as soon as it is practical for both the student and the school. Make-up work does not cancel absences. The school reserves the right to alter or cancel make-up hours based on staffing availability. Hours missed and not made up by the scheduled completion date will be charged at the hourly rate payable at the time make-up is scheduled. Rate to be determined by your enrollment agreement.

6. SUSPENSION - A student may be suspended from class for one hour up to any number of hours depending upon the school regulations broken and how often this has been done. The student will not receive credit for attendance or achievement during this time, nor will they accumulate any absence time or incur any make-up charges. However, the student's graduation date will be extended by the amount of time they are suspended.

7. LEAVE OF ABSENCE - A student may receive a leave of absence at the discretion of the director in any "12-month period", not to exceed 180 days. A "12-month period" begins on the first date the student was unable to attend the institution because of the circumstance. Reasons for a leave may include medical, physical, emotional, or unforeseen childcare and job-related emergencies or other extenuating circumstances. Students requesting a leave of absence must provide a written, signed and dated request in advance unless unforeseen circumstances prevent the student from doing so. This request must include a reason for the request. The school may grant an LOA due to unforeseen circumstances if the institution documents the reason for the decision, collects the request from the student at a later date or establishes the start date of the approved LOA as the first date the student was unable to attend. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution.

The school must have a reasonable expectation that the student will return. A student will not receive credit for attendance or achievement for the leave of absence, nor will they be charged with the absence nor have any additional fees applied as a result of the LOA. Upon return the student will be evaluated for retention for proper placement in the program. A student contract period and maximum timeframe, will be extended by the same number of calendar days taken in the leave of absence. Students meeting this criterion are not considered withdrawn and no refund calculation is due. Students taking an unauthorized LOA or failing to return on the specified date will be withdrawn from the program. The withdrawal Date for the purpose of calculating a refund is always the student's last day of attendance. Information for Students
Disclosure Pamphlet

Following is the text from the disclosure pamphlet schools are required to give to individuals interested in enrolling in their school.

What You Should Know about Licensed Private Schools and Registered Business Schools in New York State

What is the purpose of this pamphlet?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights with regard to filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Trade schools which are licensed by the New York State Education Department and business schools which are registered by this Department are required to meet very specific standards under the Education Law and Commissioner's Regulations. These standards are designed to help ensure the educational appropriateness of the programs, which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have their teachers meet standards to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department every three years, thereby helping to ensure that all curriculum offered in the schools are educationally sound. In addition, staff members of the Bureau of Proprietary School Supervision are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to ensure that the educational program being offered meets your needs and that your financial investment is protected.

The New York State Education Department's Bureau of Proprietary School Supervision wishes you success in your continued efforts to obtain the necessary skill training to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help ensure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private or Registered Business School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department are:

1. Write to the New York State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.
2. If you cannot come for an interview, send a letter, or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. You must file a complaint within two years after the alleged illegal conduct took place. The Bureau cannot investigate any complaint made more than two years after the date of the occurrence.
3. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. When appropriate, the investigator will try to negotiate with the school informally. If the Department determines that violations of law have been committed and the school fails to take satisfactory and appropriate action, then the Department may proceed with formal disciplinary charges.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition

Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement.

Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents?"

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee.

Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this page. What should students know about "grants and guaranteed student loans"?

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government).

Guaranteed student loans are low interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours--the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against you. Even if you fail to complete your educational program, you are still responsible for repaying all of the money loaned to you.

It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the insurance premiums charged on these loans. Read and understand all the information and applications for financial aid grants and loans before signing.

Where can students file a complaint, file a claim to the tuition reimbursement fund, or get additional information?
